

## BAVERSTOCK HOTEL MERTHYR TYDFIL

We are very pleased to let you know that we have now purchased a large hotel (The Baverstock) in Merthyr Tydfil, South Wales. The hotel stands on an 8 acre site bordering on the Brecon Beacons National Park. We are going to convert the hotel and build an additional wing to make 50 en suite single bedrooms. The next stage will be to build 17 two bedroomed "sheltered housing" flats.

The hotel has a large ballroom which is to be converted into a Kingdom Hall for the local congregation, with it's own self contained entrance and facilities, along with a self contained flat for use by the Circuit Overseer.

2007 will see the opening of the home along with the Kingdom Hall and circuit accommodation.

The brothers and sisters in South Wales have worked very hard to find the site, and also in raising considerable ongoing donations to enable the project to go ahead, and we would like to thank them very much as without their continued support the project would not have been possible.

### DONATIONS

Donations are very much appreciated in order for us as a charity to make provisions for the benefits of Jehovah's faithful and elderly servants. Please accept our grateful thanks because otherwise we would not be able to make these provisions.

Cheques should be made payable to "Jah-Jireh (Charity) Homes" and sent to our head office address at:
